

CCTV Network Speed Dome Surveillance Special Purpose PoE separator

Features

- * Network Speed Dome special purpose
- * IEEE.802.3at protocol + standard protocol
- * Output Voltage 12V/24V arbitrary Dial-Code switch Adjustment
- * Power transformatiob efficiency $\geq 95\%$

Specifications

Model	WDM-PD2150
-------	------------

POE Parameters

Maximum Power	15W (IEEE 802.3af)
---------------	--------------------

Input voltage	DC38V-56V
---------------	-----------

Output voltage	4.5A 12V/2.5A 24V
----------------	-------------------

POE	1236pin and 4578pin
-----	---------------------

Connect Port

Input	1*RJ45 interface
-------	------------------

Output	1*RJ45 connector+1*DC output interface
--------	--

Data transfer rate	10/100Mbps
--------------------	------------

Transformation efficiency	$\geq 95\%$
---------------------------	-------------

Power supply	12345678 Eight core power supply
--------------	----------------------------------

Network standards

PoE protocol	IEEE 802.3at + Standard Protocol
--------------	----------------------------------

General

Working temperature	-30 °C - + 80 °C
---------------------	------------------

Dimension	80x50x38mm
-----------	------------
