Model	WDM-MDKITC16FL-B																																										
NVR Specifications																																											
Video																																											
Video Format:	NTSC or PAL																																										
Video Inputs:	16chs 2MP IP POE Camera																																										
Video Outputs:	HDMI, VGA																																										
Recording																																											
Compression Format:	H.265																																										
Recording Resolution:	2MP (1920x1080)																																										
Recording Modes:	Manual/Motion/Schedule																																										
Hard drive:	Internal SATA hard drive required for recording, support up to 4TB																																										
Network																																											
LAN Connection:	YES																																										
Network Interface:	RJ45																																										
General																																											
Power Supply:	DC48V																																										
Back up method:	External storage via USB																																										
Mouse support:	YES																																										
Remote Control:	YES																																										
Functions																																											
Four intelligent analysis: Target count, Object left/lost, Area detection, Line crossing.																																											
<h2 style="color: orange;">Features</h2> <p>Complete kit including:</p> <ul style="list-style-type: none"> >> 1*16chs Intelligent 48V H.265 POE Nvr, Plug and play; Four intelligent analysis: Target count, Object left/lost, Area detection, Line crossing. >> 8*outdoor 30m IR waterproof POE IP cameras; >> 8*indoor 30m IR Dome POE IP cameras; >> 16*18.3m CAT5 cable with RJ45 connectors >> support: ONVIF; CMS Mobile APP: AEEYE 	<h2 style="color: orange;">Dimension</h2>
