

**Stator Winding machine**

We supply different types of winding machine, fully automatic one, four working stations, two working stations, and eight working stations. It can greatly reduce the labor forces. Our stator winding machines are suitable for motors in the below fields, like pump motor, air conditioner motor, three phase motors, ect. Our stator winding machine can meet the requirement of different wire, turning number and stator dimension. It makes the whole winding process far more convenient than by manual. This machine can also be connected to stator production line to meet the mass production requirement.

**Stator coil winding machine**

Stator suitable for our machines: compressor motor, fan motor, air conditioner motor, three phase motor, single phase motor, washing machine motor, generator motor, pump motor, etc.

Beside stator winding machine, we also supply other machines, like **armature production machine** (assembly line, armature winding machine, turning machine, balancing machine, welding machine, trickling machine); **stator production machine** (stator winding machine, winding inserting machine, forming machine, lacing machine, powder coating machine ect); **motor components**(such as commutator, ball bearing, carbon brush, insulation paper, shaft, magnet, fan, motor cover, etc.) and **project support and turn-key service** for some motor manufacturing.

## PRODUCT CATEGORIES

### Company introduction:

Established in 2007, Nide is a company devoted in the field of electric motors manufacturing, providing one-stop service for its customers. Nide has three main business divisions. The first division is to provide different kinds of **motor manufacturing machinery**, including stand along machine, fully-auto complete line for armature and stator production, and the motor assembly line. The second division is to supply the full range of **motor components** such as commutator, ball bearing, carbon brush, insulation paper, shaft, magnet, fan, motor cover, etc. The third division is to provide **technical support and consulting**, project support and turn-key service for some motor manufacturing.

**Nide has following affiliated companies**

**Ningbo Nide Mechanical Equipment Co., Ltd**

**Jiangsu Nide Automation Tech Co., Ltd**

**Jiangsu Xiandian Mechanical Co., Ltd**

**Ningbo Haishu Nide International Co., Ltd**

With good service, unique philosophy, professional team and reliable quality, we win the worldwide customers' confidence gradually. We directly and indirectly supply our products to more than 40 countries such as Germany, U.K, Spain, Italy, Turkey, Brazil, Argentina, Mexico, Iran, India, Vietnam, etc. Among the customers, many of them are the world-renown companies.

In the international market, Nide is the leading motor manufacturing machines supplier from China.
