

UV Flatbed Printer

HAE-2030UV LED Flatbed Printer

HAE-2030UV Flatbed Printer Can Be Applied Into Digital product shell, Print on U disk, Mobil shell, PC shell, portable Power Shell, leather case etc.

Construction Material, such as Glass Door, Ceramic Tile, Carpet, wood, cabinet, Acrylic, Ceiling, etc

Advertising Material, like Glass, wood, PVC, PP, PE, Fabric, Aluminum, Acrylic, paper, MDF, Metal sheet, POP, PVC Expansion Sheet, Reflective sign, fire-proof plate, Aluminum composite panel, Stone etc.

Item Code	HAE-2030UV
Working Area	2000mm* 3000mm
Printing Head	Toshiba CE4M
Printing Head Number	4pcs-8pcs
Ink color	C、M、Y、K、LC、LM、W、Varnish
Printing Product Height	1-100mm
Printing Resolution	300x300dpi 300x600dpi 600x600dpi 600x900dpi 600x1200dpi 900x1200dpi
Solidity System	LED UV Solidity System
File Format	TIFF/JEG/PNG/BMP
Ink supply system	Negative pressure ink supply system
Printing Speed	High Speed 65m ² /h(6+2pcs printing head) Middle Speed 42m ² /h(6+2pcs printing head) Low Speed 30m ² /h(6+2pcs printing head)
Communication interface	High speed 3.0 communication interface
Operation System	Windows7 64bit
Power Supply	AC220V P2500
Temperature /humidity	Temperature: 20-30℃ Humidity: 40%~60%
Size	3900mm*3850mm*1300mm
Weight	1000Kg
