

## Ultrasonic Tube Sealing Machine

型号 Model	CH-125
输出功率 Output Power	1250W
电压 Voltage	220V 3P 50/60Hz
封口直径 Sealing Diameter	5-80MM
封口高度 Sealing Height	10-300MM
超声频率 Frequency	20Khz
机器尺寸 Machine Size	1100*460*600MM
机器重量 Machine Weight	65KG

### Machine Feature:

- 1.Ultrasonic Plastic Tube Sealing Machine cuts the redundant functions, keep only the core of the sealing, trimming and code embossing function.
- 2.For heating device left and right of the Ultrasonic Plastic Tube Sealing Machine for sealing, cutting device, the tool head can be customized according to customer requirements, you can replace the tool head to seal with date and batch code in the same time.

型号 Model	CH-007
输出功率 Output Power	2000W
电压 Voltage	220V 3P 50/60Hz
封口直径 Sealing Diameter	5-80MM
封口高度 Sealing Height	10-300MM
超声频率 Frequency	20Khz
机器尺寸 Machine Size	1100*700*810MM
机器重量 Machine Weight	120KG

### Machine Feature:

- 1.Panasonic infrared automatic positioning function, automatic positioning, feeding, sealing and cutting.
- 2.PLC-HMI operation, setting more easy and operation more accuracy.
