

Guangdong G-motor health Technology Co., Ltd

Specifications

Customer: _____ Product Name: linear actuator Model: GM64 Date: 20th Mar. 2018
 Applications and features: treadmill lifting motor

Remark:

When the power line between the red and white lines is energized, the inner tube of the lift motor extends; At the same time, the resistance between the black and white lines of the potentiometer increases.

Technical Data:

Model	: GM64-3082-PB-RA-170/220-P-C1	Min. Mounting dimension A	: optional
Voltage	: 220 VAC 50Hz	Stroke Length	: optional
Rated Load Current	: ≤0.4 A	Exposed length of power cord	: 420 ⁺²⁰ ₀ mm
Capacitor	: 3μF/450VAC	Rated Load	: 250KG
Potentiometer	: 10K Ω/1r	Duty Cycle	: 1 ON 9 OFF

Approve: _____ Review: _____ Design: _____
