Compound Additive For Railway

• Introduction:

Our product is formulated with TBN Booster Calcium Sulfonate, Ashless Dispersant, Corrosion Inhibitor ZDDP, High Temperature Antioxidant and other Lubricant Additive Component.

Similar to Hydraulic Oil Additive Package, Air Compressor Oil Additive Package, Gear Oil Additive Package, ect., Railway Oil Additive Package T33415 is also a industrial Additive Package.

• Application:

Its outstanding detergency, dispersancy, antiwear and antioxidant abilities can inhibit the formation of carbon sludge and varnish. It's also has excellent anti-wear and anti-corrosion abilities which can provide the engine with long-term protection.

Product Quality Characteristics & Test Method

Item	Typical Value	Test Method
Kinematic Viscosity, 100°C, mm²/s	Report	ASTMD445
Flash Point, ℃	>110	ASTMD92
Zinc, wt%	≥0.8	ASTMD5185
Calcium, wt%	≥3.8	ASTMD5185
Nitrogen, wt%	≥0.4	ASTMD5762
TBN, mgKOH/g	≥135	ASTMD2896

•Our Service:

According to the chemical nature of the product, the product will be sealed in the customer's customized container in the workshop.

For transportation, we have partners who have been working together for many years. Ensure that the product arrives safely at the customer's address.

• Package, Storage and Transportation

Package: The product is packed with iron drums, with a net weight of 200Kg/barrel, suitable for all means of transport.

Storage and Transportation: Non-dangerous goods, store in dry, cool ventilated area.
