

## HAE UV Flatbed Printer

### HAE-1325UV LED Flatbed Printer

HAE-1325UV Flatbed Printer Can Be Applied Into Digital product shell, Print on U disk, Mobil shell, PC shell, portable Power Shell, leather case etc. Construction Material, such as Glass Door, Ceramic Tile, Carpet, wood, cabinet, Acrylic, Ceiling, etc Advertising Material, like Glass, wood, PVC, PP, PE, Fabric, Aluminum, Acrylic, paper, MDF, Metal sheet, POP, PVC Expansion Sheet, Reflective sign, fire-proof plate, Aluminum composite panel, Stone etc.

Item Code	<b>HAE-1325UV</b>	
Working Area	1300mm* 2500mm	
Printing Head	Toshiba CE4M	
Printing Head Number	4pcs-8pcs	
Ink color	C,M,Y,K,LC,LM,W,Varnish	
Printing Product Height	100mm	
Solidity System	LED UV Solidity System	
File Format	TIFF/JEG/PNG/BMP	
Ink supply system	Negative pressure ink supply system, automatic cleaning, anti-blocking flash spray function	
Printing Speed	High Speed	34sqm/h
	Middle Speed	23sqm/h
	Low Speed	17sqm/h
Data port	High speed USB transimission port	
Operation System	Windows7 64bit	
Power Supply	AC200V P2500	
Temperature /humidity	Temperature:20-30℃ Humidity:40%~60%	
Device size	4200mmx2000mx1300mm	
Certificate	ROHS SGS CE	
weight	1200kg
