

BFF - PG Flame Resistant Fireproofing Basalt Fiber Cloth/ fabric

Product introduction:

BFF - PG Flame Resistant Fireproofing Basalt Fiber Cloth is made from high quality woven basalt fiber after processing and surface treatment.

Product Feature:

- 1, high break strength , resistance to high and low temperature
- 2, Fire proof and flame resistance.
- 3, Low thermal conductivity.
- 4, Anti-acid and anti alkali.
- 5, Good insulation performance.
- 6, Excellent high-temperature filterability, anti-UV

Product Application:

- 1, Can be cheaper alternatives of carbon fiber and advanced fiber.

Temperature resistance:

Aluminum: 1700℃

Fiberglass cloth:550℃

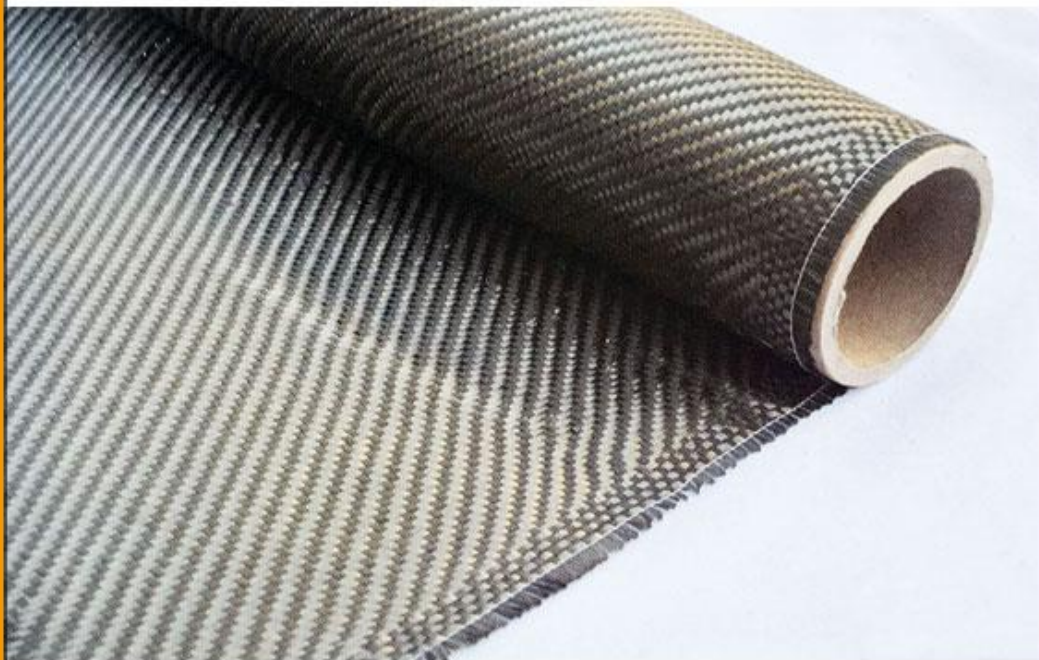

Adhesive: 300℃

Product Dimension:

Part No.	weave grain	Thickness (mm)	Width (mm)	Length (m/roll)	Weight g/m2
BFF-PG/P 20	plain	0.20	100-1500	50	330
BFF-PG/X 20	twill	0.20	100-1500	50	330
BFF-PG/P 24	plain	0.24	100-1500	50	396
BFF-PG/X 24	2/2 twill	0.24	100-1500	50	396
BFF-PG/P 28	plain	0.28	100-1500	50	462
BFF-PG/X 28	2/2 twill	0.28	100-1500	50	462
BFF-PG/P 55	plain	0.55	100-1500	50	560

BFF-PG/X 55	2/2 twill	0.55	100-1500	50	560
BFF-PG/P 65	plain	0.65	100-1500	50	640
BFF-PG/X 65	2/2 twill	0.65	100-1500	50	640
BFF-PG/P 80	plain	0.80	100-1500	50	792
BFF-PG/X 80	2/2 twill	0.80	100-1500	50	792
BFF-PG/P 90	plain	0.90	100-1500	50	1056
BFF-PG/X 90	2/2 twill	0.90	100-1500	50	1056
