UTTO Hydraulic Transmission Brake Oil Additive Package T55050

●Product Introduction

UTTO (Universal Tractor Transmission Oil) Hydraulic Transmission Brake Oil Additive Package T55050 is a high quality economic additive for the hydraulic transmission brake oil, it specifically blends oil for combine harvesters and tractors and other farm machinery and construction machinery which have one lubrication system for transmission device, hydraulic, gear, brake. It provides superior wear protection for gear, good performance of hydraulic system, inhibit oxidation in order to ensure the service life of the oil.

●Recommended Treat Rate

8.4wt%

●Product Technical Index

Item	Typical Value	Test Method
Appearance	Red brown transparent liquid	Visual Inspection
Flash Point (COC), °C	> 110	GB/T3536
Kinematic Viscosity (100°C), mm ² /s	REPORT	GB/T265
Ca Content, wt%	0.55	ASTM D5185
Zn Content, wt%	1.6	ASTM D5187
P Content, wt%	2.11	ASTM D5188
N Content, wt%	0.69	SH/T0224

●Package, Storage and Transportation

The product is packed with iron barrels, 200kg/barrel or other packing methods consulting with clients. Suitable for truck transport, railway transport and ocean transport. The temperature of storage and transportation shall not surpass 45°C. The shelf life of product is 2 years.
